Precautionary measures to minimise the risk of internet fraud

The SCP MONT-BLANC OFFICE advise adhering to the following guidelines when communicating with our office via the internet :

1/ Double check the address of the person sending you the email

Notary and notary office employee email addresses always end in @notaires.fr

2/ Take care with links to your client account

There are fake links to client accounts in circulation. We would suggest accessing your client account via the secure link on our website.

The only address from which you should receive a link to your client account is nepasrepondre@mondossiernotaire.fr

3/ Our bank details (RIB)

The SCP MONT-BLANC OFFICE **no longer sends out our bank details by email**. These are made available to you via your client account or given to you in person.

Should you receive our bank details via email we ask that you contact the person in charge of your file in order to check through the details on the telephone before transferring any funds.

4/ Your bank details (RIB)

The SCP MONT-BLANC OFFICE **no longer accepts bank details sent by email**. We advise that you deposit your signed and dated printed bank details in person at the office or send them through by post. You can also post them on your client account (for current files).
